

Education Building: Naming Rights & Partnership Opportunities

PLFM's mission is to strengthen youth and families through Christ-centered experiences in an agricultural and outdoor setting, creating abundant living that transforms individuals and communities.

We fulfill our mission through programs that meet practical needs while sharing God's love. Through His provision, we have helped hundreds across North Florida—but there are hundreds more to reach. *The major obstacle to serving more youth and families is the lack of an indoor meeting space and restrooms on the farm.*

The Education Building will provide approximately 3,000 square feet of indoor space and will be strategically located next to our 50' x 84' Education Pavilion. This building will significantly expand our capacity to serve youth and families for years to come. Your partnership through naming rights will help make this impact possible while creating a lasting legacy in our community. (See attached Plans & Purposes document for additional details.)

Naming Rights:

Individuals and organizations whose values align with PLFM's mission have the opportunity to purchase naming rights for the building or designated areas. Naming rights are granted for a 10-year term, with the option to renew upon mutual agreement. If not renewed, PLFM reserves the right to rename the space. Opportunities are limited and available on a first-come basis.
